Correction to: Parental experiences with their child's eating disorder treatment journey

Jennifer S. Coelho^{1,2*}, Janet Suen¹, Sheila Marshall^{3,4}, Alex Burns¹, Pei-Young Lam^{1,4} and Josie Geller^{2,5}

Correction to: *Journal of Eating Disorders* (2021) 9:92

<https://doi.org/10.1186/s40337-021-00449-x>

Unfortunately, the original version of this article [1] contained two errors in Table 1:

1. The duration of tertiary-level treatment listed in Table 1 should read: $M = 10.77$ months ($SD = 7.49$). Range = 3.09–26.53 months.

2. The parent and child relationship for parent 2 listed in Table 1 should read: Mother of an 18-year old boy.

The revised Table 1 is included in this Correction. The original article has been corrected accordingly.
